

## December, 2018: Gary Wilson files an FBI report on Nicole Prause

As documented on these two pages, Nicole Prause has been claiming since 2013 that she reported me to the LAPD. In the last few years Prause has tweeted dozens of times that she has also reported me (and others) to the FBI (for what, it was never clear). In the beginning Prause employed dozens of fake usernames to post on [porn recovery forums](#), [Quora](#), [Wikipedia](#), and in the [comment sections](#) under articles. Prause rarely used her real name or her own social media accounts. That all changed after UCLA chose not to renew Prause's contract (around January, 2015).

Freed from any oversight and now self-employed, Prause began tweeting she had reported me to the FBI and LAPD. Just know that I have screenshots of about 500 Prause tweets defaming me. It is Prause who is the cyber-stalker. While I wouldn't have put it past Prause to file false police and FBI reports, it wasn't until 2016 that I contacted the LAPD. In a phone conversation I asked if a police report by a Nicole Prause, or on Gary Wilson, was in their database. None were. This is documented in this section: [Ongoing – Los Angeles Police Department and UCLA campus police confirm that Prause lied about filing police reports on Gary Wilson](#)

Note: while Prause claimed to have filed a police report all the way back in 2013, she provided you with an April, 2018 LAPD report. Put simply, Prause had been lying for 5 years. While the LAPD will not provide written documentation of police reports, the FBI will. In October, 2018 I filed an [FOIA request](#) with the FBI to find out if Prause had ever filed a report naming me. As expected the FOIA revealed that Prause has never filed a FBI report, even though she has tweeted this multiple times and posted this same claim on the FTND Facebook page (see this section [May 30, 2018: Prause falsely accuses FTND of science fraud, and implies that she has reported Gary to the FBI twice](#)).

For complete documentation, you can see screenshots of my FOIA request and the FBI's response confirming Prause as lying here: [November, 2018: FBI affirms Nicole Prause's fraud surrounding defamatory claims](#). In addition, Prause claimed to have reported Alexander Rhodes of NoFap to the FBI. Given the seriousness of Prause's allegations against him, Alexander Rhodes submitted a Freedom of Information request to the FBI to inquire about possible reports about himself. Again, Prause was exposed as lying. For extensive documentation on Alex Rhodes's case see: [December, 2018: FBI confirms that Nicole Prause lied about filing a report on Alexander Rhodes](#).

In talking to FBI agents on the phone I was encouraged to file an official FBI report on Nicole Prause. Which I did. Put simply, while Prause filed a silly police report (it's not a crime to screenshot defamatory tweets), I was encouraged by an FBI agent to report Prause to both the FBI and the LAPD. My FBI report, which I have yet to place on the Prause pages, is below in a series of screenshots. The last screenshot is my signature confirming that I am aware that lying to the FBI is serious crime:

### Description of Incident

Provide a description of the incident and how you were victimized. Provide information not captured elsewhere in this complaint form.

This report concerns the use of multiple, public, fraudulent statements claiming that (non-existent) FBI reports have been filed about me – supposedly for stalking. These false claims have appeared on social media and in comment sections under mainstream press articles.

Specifically, Dr. Nicole Prause has claimed (and continues to claim) that she has filed FBI reports against me. I am in communication with another man who has been defamed in the same matter. Neither of us has ever stalked anyone.

In both our cases, according to FOIA request responses, no such FBI reports exist.

It is my understanding that the FBI frowns on people misusing its existence as a way to defame others with this type of false claim. (Dr. Prause has also repeatedly claimed to have filed police reports about me with the Los Angeles Police Department. An LAPD employee verbally assured me no such reports exist. Details:

Is there a way the FBI could put a stop to this defamatory campaign?

Details can be seen here, including screenshots of the FOIA requests and the FBI's exculpatory responses:

Context: I run an extensive website that acts as a clearinghouse for people interested in the latest research on internet porn's effects. I also post relevant articles and recovery stories from various porn recovery forums. Dr. Prause's work (like the work of many others) is addressed on my site, along with formal and informal criticism of its merits and weaknesses.

This has resulted in a flood of criticism and defamation from Dr. Prause – not just against me, but against anyone who disagrees with her conclusions or publishes research that contradicts her (consistently pro-porn) work/conclusions. Her targets include researchers, medical doctors, therapists, psychologists, former UCLA colleagues, a UK charity, men in recovery, a TIME magazine editor, several professors, IITAP, SASH, Fight The New Drug, the academic journal Behavioral Sciences, its parent company MDPI, the head of the academic journal CUREUS, and the journal Sexual Addiction & Compulsivity.

I have documented many of her unprofessional, unethical, and possibly relevant activities on these 3 obscure pages of my 10,000-page website:

Addendum: Nicole Prause and David Ley, have engaged in overt and covert defamation, harassment and cyberstalking, targeting groups and individuals who believe, based on the objective evidence, that today's porn might be causing significant problems for some users.
