Hi Don,

Here are the 4 main pages that were created to counter the ongoing harassment and false claims made by former UCLA researcher Nicole Prause as part of an ongoing "astroturf" campaign to persuade people that anyone who disagrees with her conclusions deserves to be reviled:

- [Nicole Prause's Unethical Harassment and Defamation of Gary Wilson & Others](#)
- [Nicole Prause's Unethical Harassment and Defamation of Gary Wilson & Others \(page 2\)](#)
- [Libelous Claim that Gary Wilson Was Fired \(March, 2018\)](#)
- [Prause's efforts to have Behavioral Sciences review paper \(*Park et al.*, 2016\) retracted](#)

Prause has harassed and defamed at least four of the speakers in the February 23 conference: Don Hilton, Gail Dines, Clay Olsen and Stefanie Carnes. One can search the table of contents for each name or organization (i.e. Fight The New Drug, IITAP): [Nicole Prause's Unethical Harassment and Defamation of Gary Wilson & Others](#). For example, Prause has defamed you on multiple occasions, as documented in these sections of the "Prause pages":

1. [December 2013: Prause posts on YourBrainRebalanced & asks Gary Wilson about the size of his penis \(kicking off Prause's campaign of calling Wilson, and many others, misogynists\)](#)
2. [Fall 2014: Documentation of Prause lying to film producers about Gary Wilson and Donald L. Hilton Jr., MD](#)
3. [Others – Prause falsely accuses Donald Hilton, MD](#)
4. [Others – November, 2016: Prause falsely claims to have sent cease & desist letters to panelists on the Mormon Matters podcast](#)
5. [May 20, 2018: Ley & Prause falsely claim that Gary Wilson & Don Hilton gave evidence in a case by Chris Sevier](#)

Anyone investigating this should know that Dr. Prause has not been employed by any university for 4 years. Her contract with UCLA was not renewed. Freed from any oversight and now self-employed, Prause added [two media managers/promoters from Media 2x3](#) to her company's tiny stable of "Collaborators." [Their job](#) is to [place articles](#) in the press [featuring Prause](#), and find her [speaking engagements](#) in pro-porn and mainstream venues. Odd behavior for a supposedly impartial scientist.

Since I was Prause's primary target (hundreds of social media comments along with behind the scenes email campaigns), it became necessary to monitor and document Prause's tweets and posts. This was done for her victims' protection, and crucial for any future legal actions.

After years of sitting on the evidence, Prause's unilateral aggression had escalated to such frequent and reckless defamation (falsely accusing her many victims of "physically stalking her," "misogyny," "encouraging others to rape her," and "being neo-nazis"), that we felt compelled to examine her possible motives. So we created this extensive page, which is just the tip of the Prause iceberg: [Is Nicole Prause Influenced by the Porn Industry?](#)

Clearly Prause, who lives in LA, enjoys a cozy relationship with the pornography industry. See this [image of her \(far right\) on the red carpet of the X-Rated Critics Organization \(XRCO\) awards ceremony](#). (According to Wikipedia, the [XRCO Awards](#) are given by the American [X-Rated Critics Organization](#) annually to people [working in adult entertainment](#) and it is the [only adult industry awards show reserved exclusively for industry members](#).^[1]).

Moreover, it appears that Prause may have obtained porn performers as subjects through the most prominent porn industry interest group, the [Free Speech Coalition](#). FSC-obtained subjects were allegedly used for a study she was hired to bolster the commercial interests of the [heavily tainted](#), but apparently [lucrative](#), “[Orgasmic Meditation](#)” company. See this [Twitter exchange](#) between Prause and adult performer *Ruby the Big Rubousky*, who is [vice president of the Adult Performers Actors Guild](#) (Prause has since deleted this thread).

In the case of adult films, however, that possibility has been ruled out by science and accepted by diagnostic groups (DSM-5 and ICD-11).

Data do not support sex as addictive

Ruby The Big Rubouski @JRAxxx · Feb 3

No it hasn't. And it's irresponsible. Especially coming from someone who exploits performers for her studies.

Liberos @NicoleRPrause · Feb 3

All of my studies receive ethics review and approval from federally-monitored institutional review boards. I am happy to share ICD or DSM papers describing why they do not classify them as addictive, if you are interested.

Ruby The Big Rubouski @JRAxxx · Feb 3

I'm thinking you get a lot of money and access to performers through the Free Speech Coalition.

Liberos @NicoleRPrause · Feb 3

We are funded by two grants from non-profits. One is a foundation, the other is federal. We have never received any funding from FSC. I do not "access" performers for any of my research.

You just lied to me, we know for a fact you use performers.

In addition, the FSC (which has spent millions on lawsuits that benefit the porn industry) offered Prause assistance with respect to her so-called “bullies.”

The real bully here was Prause, who had [her Twitter account permanently banned](#) for harassment and cyber-stalking. Instead of revealing the facts, Prause fabricated a tall-tale that John Adler MD (Stanford) somehow got her kicked off Twitter. [Adler had nothing to with this](#). Prause immediately emailed the FSC to accept their “help” with her imaginary bullies. Prause then promptly begins to discuss with another industry account why condoms in porn are a bad idea (the porn industry’s position):

Many more examples of Prause supporting the porn industry's agenda and having close relationships with performers, producers, the AVN and the FSC, are this page: [Is Nicole Prause Influenced by the Porn Industry?](#).

As for Prause attending the AVN convention, Prause clearly indicated that she would be at there in 2019.

[Trolling PornHarms \(NCOSE\)](#), Prause offers [free t-shirts](#) to others willing to troll with her. The t-shirts are a tasteless parody of the [FTND porn kills love t-shirts](#). The 3 winners are porn stars!

Did you receive any exciting Christmas gifts that will help you or someone you love fight against pornography or educate others on its harms?

Rather than promoting suicidal thoughts in LGBT youth as @Porn_harms does, I will buy a "shame kills love" t-shirt benefiting real sex education in Utah for the next three people who RT this (and are willing to send me their size and mailing address DM). squareup.com/store/utah-sex...

One of the porn stars (Avalon) is from Australia. She tells Prause that it's too expensive to ship a t-shirt to her. Prause asks Avalon if she would like to pick up her t-shirt at the [AVN awards](#) (we must therefore assume that Prause will be attending).

Replying to @xFaeryPrincessx @Porn_Harms and 2 others

Oh nuts. Well, if you're not coming in for AVN or something, then I'll send third shirt for *next* RT!

9:28 PM - 27 Dec 2018

Avalon tells Prause to have a good time at The Adult Video Awards (called the [Oscars of the porn industry](#)).

Again, there are hundreds more examples on this page: [Is Nicole Prause Influenced by the Porn Industry?](#)
