Turns out, NoFap, Proud Boys, Psyop, and Fasism really are all connected. Who knew?

Is One Sexual Behavior Triggering Certain Groups?
Masturbation may well be one of the healthiest human sexual behaviors.

Amazing. "We have NOTHING to do with fascist, racist Proud Boys!" Except our founder did an interview with their founder and we repeatedly promoted Proud Boys for years. 🧵 ProudBoy NoFap

"Proud Boys" has nothing to do with NoFap. They are not affiliated with our organization in any way. NoFap is non-legislative and non-partisan.

Here is a peer-reviewed scientific article showing the misogyny still at nofap today.

1) Not affiliated with Neofap.
2) That’s not false.
3) There isn’t misogyny from Neofap. It’s important to indicate you’re referring to some users of the site, not Neofap itself. Our main focus is to maintain an inclusive atmosphere for all.
4) NoNeofap didn’t promote Proud Boys.

Science documenting the misogyny from these groups

"I want that power back": Discourses of masculinity within an online pornography abstinence forum"

This was a systematic review of the content in those forums. I believe Ley's point is not to say everyone must masturbate at some regular schedule. If you choose not to masturbate, just don't promote for-profit groups that support misogyny and advertise Proud Boys and other antisemitic groups. As far as I am aware, the only celebrity fan of YourBrainOnPorn is David Duke, which he described as preventing race mixing.

There are many ways to reach your goals that don't line the pockets of hate groups.

Peer-reviewed misogyny

The fake-name account appears to want some of the quotes from the systematic-review paper posted. These will make very clear that extensive content on the NoFap website is misogynist. If you visit this website, you will be supporting and furthering misogyny, above and beyond the antisemitism evidenced from Dr. Ley's original piece.

Scientist every time
There's was a peer-reviewed article. You probably wrote all of those yourself. I just discovered that the NoFap company account actually was being run by Alexander Rhodes himself, in violation of his no-contact request. So your actual founder is stalking women online in violation of no-contact orders.

You provide no evidence that their review was not balanced. As your cannot pass peer-review, I think it's clear where the problem is.
