2:35 "Unbiased source" LMFAO!!! You can literally find pictures of this chick posing for photos at the XRCO awards!! The reason you're not likely to find her "insights" anywhere else is because she's LYING!!!!

You can 'literally' find pictures of 'secular' anti-porn advocates at church, so if you want your epistemology to be based on Guilt by Association, then you should at least be consistent and take that into account too.

Mr. Tavis, I have never been to any porn awards show. This is defamation. If you post this claim again, I have screenshot this and my response, and will file suit against you.

[@Bill Tavis](#) This serves as your notice that you owe me \$10,000 for defamation. You can remit payment within 10 days to PO Box 1318, Sacramento, CA 95812. If you fail to pay within 10 days, I will file a lawsuit against you without further notice to you. This fulfills my obligation for providing notice to you in an attempt to collect your debt.

[@Nicole Prause](#) Actually, I'd *LOVE* for you to sue me so I can expose your pseudoscience man hate in court. You want men to be addicted to sex because it makes you feel powerful..Let's go! Porn addiction is real, I know because I was addicted. It's an objective part of my reality and I would absolutely destroy you in court.

@Nicole Prause eww gross. No, I don't want whatever "services" you are offering. LMAO. You really think you can just get money from someone on the internet like that? I don't believe you are even the real Prause, you're probably just a scammer.
